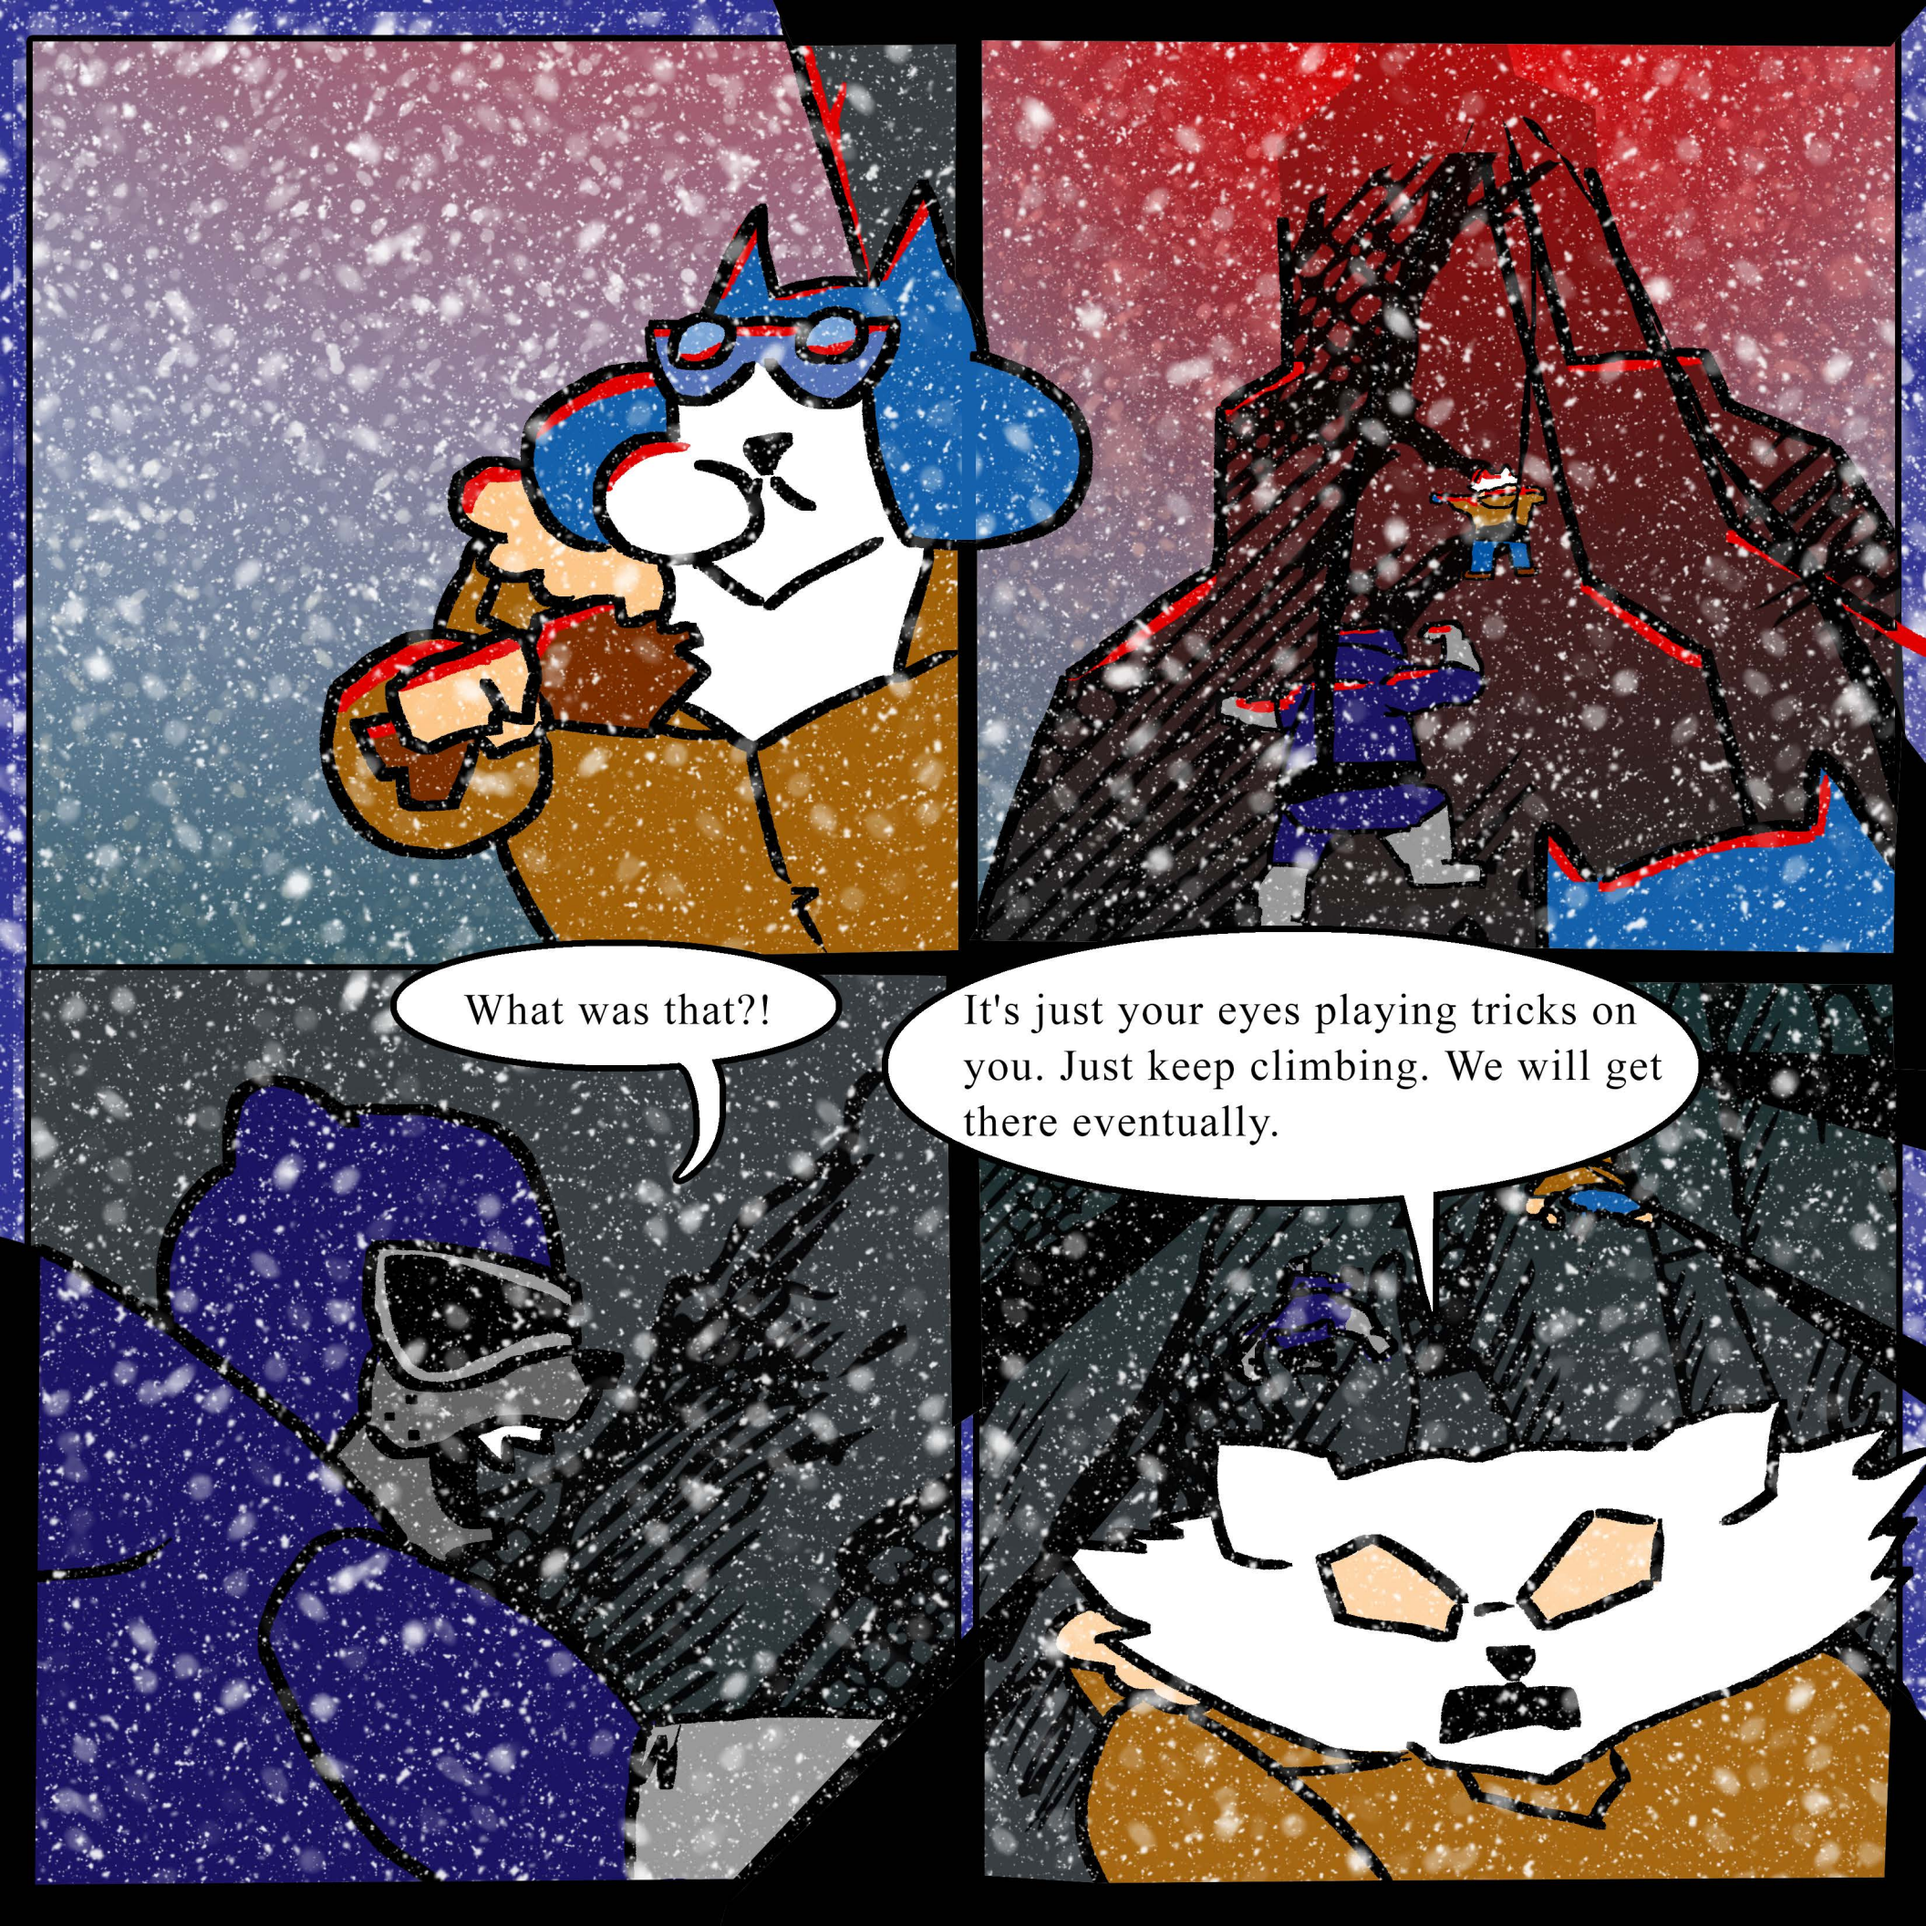
Cat Everest

Are you ready for this?
Yes!
Remember, don't get distracted. This is the most treacherous mountain we have scaled yet. I am worried for all of us, but most all you.

James...
What? I'm sorry, I was just...
All I said was... Don't get distracted.
Oh...

Do you need any help taking the first steps
No. I am good. I can do this on my own.
Well then good. Let's get started!



What was that?!
It's just your eyes playing tricks on you. Just keep climbing. We will get there eventually.

Is Everyone here?

Scott didn't make it.
What happened.
I think he saw something.
I am not sure what. He fell down.

...Okay. We have to move forward
Everyone else is here though. 1, 2, 3...
Where's George?
...Move forward.

Do you see Leonard?
No! But I am sure He is ahead of us

What do you see?
I can’t look away

Don’t get distracted. Don’t get distracted! Look away from it!
It’s an amazing light
